Strategic Volunteering Opportunities with The Acceleration Project

We are growing — and so is our need for talented volunteer consultants.

At **TAP**, our consultants work directly with small business owners nationwide to solve real challenges, strengthen operations, and unlock sustainable growth. The work is hands-on and high-impact — delivering tangible results at no cost to the small business owner.

It is also a remarkable opportunity to **apply your expertise across new industries, develop skills outside your day-to-day, and stay connected to meaningful, challenging work**. Whether your background is in AI, strategy, marketing, finance, operations, or HR, your experience can make a real difference for entrepreneurs who need it most.

We are actively recruiting pro-bono volunteer consultants. **Apply today** and help us build stronger small businesses — and stronger communities.
