Carol's Top Career Tips Now in Playlists!

Carol's Top Career Tips, Playlist #13: Rethinking Rejection — What to Say, Share & Reframe

- **Learn from real relaunchers:** From immediate rejections to second chances, real-life stories show that persistence and the right connection can still lead to a yes.
- **Address elder care breaks with clarity:** A simple phrase like “which is now resolved” helps you acknowledge your break while confidently refocusing the conversation on your readiness.
- **Answer “why this role?” with intention:** Employers want to know you’ve thought it through. Leading with purpose shows you’re not applying on impulse, you’re aiming to make an impact.
- These tips help you reframe rejection as part of the process, not the end of it.
